EX PARTE APPLICATION FOR TEMPORARY RESTRAINING ORDER

Plaintiff incorporates herein her foregoing Verified Complaint.

Defendant Eversource Energy Connecticut plans to cause permanent, irreversible, excessive and unnecessary damage to plaintiff's property and trees beginning at 7 AM on July 2, 2019 when there is no urgency to the matter as plaintiff and Eversource have entered into an enforceable agreement in which inter alia Eversource will remove the single limb identified by Eversource as presenting some risk of contact with the electrical lines and otherwise allow trimming to create a two-foot clearance.

The present plans violate the Connecticut Environmental Protection Act and the Connecticut Unfair Trade Practices Act and are otherwise illegal.

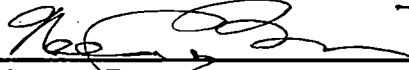

As set forth hereinabove, time is of the essence.

Eversource will not be prejudiced if its plans are put on hold pending a hearing, whereas plaintiff's rights and interests require immediate protection.

Wherefore, the plaintiff requests an immediate ex parte injunction to bar the planned Eversource work pending a hearing to be set at an early date.

The plaintiff has no adequate remedy at law.
